PLEASE DON'T FORGET – OCTOBER 1st DEADLINE !!!

AUDUBON AND BIRDSEED SALE INFORMATION UPDATE

Thorn Creek Audubon wishes to thank you for helping to support our programs and environmental projects. Our meetings are held at 7:00 PM in the Park Forest Library. Meetings are the first Wednesday of the month, September through May. Come join us for interesting programs, refreshments and fellowship. September 6th meeting will be our first meeting.

The birdseed sale is one of our primary fund-raising projects. We try to offer our customers the best competitive prices. The DeLong Company, one of the largest in the Midwest, will supply the seed this fall.

Prices this year have remained at an attractive level...It's time to stock up!! We have tried to keep the price to you at a level you can still afford. We are thankful for the part of your budget you have devoted to benefit birds and Thorn Creek Audubon Society by participating in this sale.

Proceeds from last fall's sale helped fund the 2016-17 Grants for local projects benefiting the environment totaling \$2000.00. Among those projects is the new Kankakee National Wildlife Refuge.

A big ThankYou! to all of our customers that helped make these Grants possible.

Seed Information:

DeLong Premium Blend Birdseed: White Processed Millet, Black Oil Sunflower, Cleaned Cracked Corn, Gray Sunflower Seeds, Red Millet, Safflower, Sunflower Meats, Niger, Peanuts and Calcium Grit.

Delco Special Blend: Cracked Corn, Black Oil Sunflower, Recleaned Wheat and Recleaned Sorghum. (Recleaned removes the chaff that would collect on the ground).

Premium No Waste: Millet, Sunflower Chips and Fine Cracked Corn.

In the spring, TCAS will conduct the annual Native Plant Sale. Many species of Illinois native flora, including trees, bushes and plants, will be available at extraordinarily low prices through this sale. If you wish to receive a Plant Sale Order Form please check the box on the front of this form.

PROTECT THE BIRDS. KEEP YOUR FEEDERS CLEAN. REMOVE LEFTOVER SEED IN FEEDERS AND ON THE GROUND PERIODICALLY. KEEP FRESH WATER AVAILABLE AND CHANGE EVERY FEW DAYS. ENJOY YOUR BIRDS AND THANK YOU FOR YOUR PATRONAGE.
